Foreword

Four years at Kelloggsville High School are four great years to be remembered. Each student gains a sense of initiative, understanding, sportsmanship, and friendship.

It is through our classes that we gain understanding; our clubs, friendship and sportsmanship; and our faculty instills within us, initiative.

So, as we gaze through the '66 Century may every page bring back pleasant memories and remind us that to K-Ville a great debt is owed.

MR. BLOYE,
a teacher . . .

In Appreciation:

We, the Senior Class of Kelloggsville High School, proudly dedicate the 1966 Century to you, Mr. David Bloye.

Although you have been at Kelloggsville only two short years, you have become a friend to each and every one of us. You have displayed an active interest and enthusiasm in student activities and taught us the meaning of initiative. You have given us guidance in time of stress and a smile in times of fortune. And so, it is with the deepest sense of appreciation that we the Senior Class say, "Thank you, Mr. Bloye."

FOUR YEARS

We've been together four short years,
Laughing, crying, and conquering our fears.
Now we'll venture on our own,
Never together, yet never alone.

In the year of '63
Quivering freshmen were we.
We stood aside all alone
But soon our friendship broke that stone.

A second year dawned, 1964.
Again we walked through K-Ville's doors.
A year of laughter, a year of strain
But still friendship among us reigned.

'65 brought us veterans back
To study, learn, and knowledge stack
For soon the next year would loudly ring
And our hallowed Senior year would spring.

Now we're coming to the end
Of what we call our high school trend.
Leadership and guidance we have learned
But most important, each other's *friendship* earned.

Dear Faculty,

We would like to take this opportunity to express our thanks and appreciation to some of the most deserving people we know. It was through your patience and perseverence that we have successfully completed another step toward our advancement to maturity.

You have given us something more than an education - friendship. Friendship is a difficult word to define. The true meaning of friendship cannot be expressed in words. Through your thoughtfulness, guidance, dependability, kindness, and actions we have discovered a true friendship. A friendship such as this can never be forgotten.

Through our four years of high school you have given us the basic framework with which we can build to a successful future. We sincerely feel you have fulfilled your task; now the responsibility of life lies solely on our shoulders.

So again we would like to extend our deepest gratitude to you, our faculty. To show this appreciation we will strive to live up to the goals and aspirations that were founded here at Kelloggsville High School.

Sincerely

The Senior Class of 1966
